ABOUT US

Welcome to "HAQ's" Islamabad. PAKISTAN, the one stop source for your entire sewing contract needs. We are a turnkey contract sewing manufacturer specializing in OEM products for industrial, medical, sports, search and rescue applications.

OUR MISSION

Is to achieve the excellence in our chosen field of business and services through the constant pursuit, in association with our valued clients and in collaboration with our truly professional staff, of superior levels of services, efficiency and quality to the entire satisfaction of our valued clients.

ESTABLISHMENT

Established as a sister company of our leading group of companies in Pakistan, specializing in providing good quality services to a wide range of clients covering the whole spectrum of Construction, Fabrication, Designing and HSE/Quality Control Management and well-equipped to provide complete development solutions. This Group has an enviable record of having rendered services for over 25 years to a number of multinational oil companies – expats and national, public sector power units and international/national organizations. It specializes in providing quality industrial catering, housekeeping, janitorial laundry, camp management and allied services.

With the proud support of our major sister companies' strong infrastructure, adequate material resources, experienced and trained manpower professional experience and vibrant operational network, we started our venture "HAQ's STITCHING" by initially supplying them quality/high standard uniforms for their manpower spreading in hundreds all over Pakistan. We now, with the dedication, hard work and professionalism of our team, have grown and ready to provide high performance professional products for a broad spectrum of customers.

PRODUCTION

We are capable of taking your concept developing market-ready prototypes and getting to production within weeks of inception. The expert design staff at "HAQ's STITCHING" has years of combined expertise in designing products for industrial and other applications. Whether you send us a conceptual drawing on a napkin, a hand stitched prototype or a precise drawing with exact tolerances, we will work closely with you to design your product or refine an existing one. We have a well established manufacturing unit with the latest state of the art machines.

Product / Services

We bring you versatile and more affordable products of protective and work clothing, industrial work wear and uniforms, which are mainly related to the industries, oil and gas exploration, hospital, laboratories, pharmacies, hotels, restaurants, business organizations, educational institutions, sports clubs.
